Brand Strategy

Who We Are?

Silver Swan Integrated Hub is a **not-for-profit organization based in Montreal**, dedicated to strengthening underserved communities through **social inclusion, capacity building and digital innovation**.

We support underserved groups including seniors, women, and youth, by offering social services, community programs, and learning opportunities designed with a human-centered approach. Our work blends community support with digital transformation, helping individuals build the skills and confidence needed to navigate today's digital world.

At Silver Swan, we believe **everyone has a voice and must be heard** regardless of race, colour, culture, language, gender identity, ability, or background.

We create safe and welcoming spaces where **people can connect, share experiences, learn new skills, and access support** without judgment or barriers.

Through social engagement, capacity building, and digital learning, **our training and programs help the vulnerable group** reduce isolation, strengthen confidence, and empower individuals to participate fully in their communities.

What We Do

Silver Swan Integrated Hub delivers inclusive, community based programs designed to support social connection, personal growth, and access to essential services.

Our programs strengthen community bonds, build individual capacity, and promote digital inclusion. We offer opportunities for learning, engagement, and support that help individuals and families feel confident, connected, and empowered within their communities.

Our work brings together social engagement, education, and community integration to create lasting, sustainable impact for diverse populations across Montreal.

Who We Serve

Our programs are open to everyone, with a focus on individuals and communities who face barriers to access, including Black and Indigenous communities, seniors, women, youth, newcomers, people with disabilities, low-income and racialized communities, 2SLGBTQIA+ individuals, people experiencing homelessness, official language minority groups, and those in remote or rural areas of Montreal.

At Silver Swan, inclusion is not another feature, it is our foundation.

Our Mandate

To build inclusive and sustainable communities by bringing together human connection, social support, capacity building, and digital inclusion, helping individuals and families access services, develop skills, and thrive in today's fast-evolving world.

Our Approach

At Silver Swan, we provide inclusive space that reduces social and physical barriers, through digital innovation and programs that help build sustainable communities where the vulnerable and/or underserved groups can thrive, regardless.

We believe strong communities grow through compassion, dialogue, and strategic collaboration.

At Silver Swan Integrated Hub, we don't just deliver programs. We build relationships, strengthen capacity, and help communities grow together.

Programs & Services

Integrated Support for Seniors (ISS):

A 12-Month bilingual workshop that has connected and bridged social isolation gaps for 50+ seniors in Montreal through digital literacy and capacity building.

Silver Threads:

An ongoing program that aims to connect and empower 500+ BIPOC women to employment and business opportunities, with resources that helps deliver workshops and foster inclusive engagement.

Partners:

1. Afri-Can Alliance International
2. Canadian Imperial Advantage
3. City Bay Social Services

Brand Values

02.

Art Direction

Best Practices

VERBAL IDENTITY:

Empathetic tone of voice, Clear, concise, jargon-free communication. Storytelling with warmth and humanity. Professional but approachable (not cold, not casual). Inclusive language that builds trust.

UI/UX PRACTICES:

Intuitive, user-friendly flows (accessible first). Mobile-first, responsive interfaces. Calm, minimal design system (less clutter = more clarity). Visual cues that reflect care (soft geometry, rounded edges). Subtle animations for engagement, not distraction.

VISUAL IDENTITY TO-DO'S:

Clean sans-serif wordmark (modern, timeless). Gentle color palette. Pattern-inspired iconography (grids, dots, or organic shapes). Minimal layouts with breathing space. Balanced use of geometry + human elements. Photography style: authentic, human-centered, diverse representation. Typography: simple, modern, mid-weight sans.

03.

Logotypes

Rationale

The Silver Swan mark is shaped around a fluid, open “S” form that **conveys movement, grace, and quiet resilience**. By removing any enclosing structure, the symbol feels expansive rather than confined, mirroring Silver Swan’s commitment to creating open, welcoming spaces where individuals are free to reconnect, grow, and belong. The form subtly recalls **the silhouette and motion of a swan**, an emblem of transformation and enduring elegance, reinforcing the brand’s belief that strength can emerge gently, without force.

The flowing curve of the symbol reflects care, continuity, and the natural rhythm of human connection. Beneath it, a simple circular dot provides grounding and balance, anchoring the mark in stability and presence. Together, these elements create a **visual dialogue between vulnerability and strength**; an expression of how Silver Swan transforms isolation into community and supports people as they rediscover purpose, dignity, and contribution at every stage of life.

Intentionally minimal, the logo allows emotion and meaning to breathe. Its simplicity gives it a deeply human quality; approachable yet composed, soft yet assured. It avoids excess and ornamentation, instead relying on form, proportion, and space to communicate empathy and trust. This restraint reflects Silver Swan’s philosophy: **meaningful impact does not need to be loud to be felt**.

Primary Logo

The primary logo is the main identifier of Silver Swan and should be used as the default in most applications. This horizontal lockup balances professionalism and versatility, making it ideal for website headers, presentations, and branded documents.

Placement should prioritize visibility — top-left on digital interfaces, centered for large-scale applications, and with adequate clear space around it in both print and web.

Secondary Logo

The secondary logo is a vertical, stacked variation where “patterns” sits directly beneath “ava.” This version works best in square or compact spaces, such as social media avatars, posters, merchandise, or places where a balanced, centered arrangement is required. Use this variation when the horizontal format is impractical, while maintaining consistency with the brand identity.

Secondary - Circular Lockup

Logo Mark & Favicon

Our logo mark is a fundamental element of our identity, capable of conveying significant meaning about our brand. Use the logo mark alone only when the absolutely necessary, as the word mark plays a vital role in enhancing the brand recognition during the early stages of building a connection with our target audience.

Silver Swan

The swan moves with quiet strength;
calm on the surface, resilient beneath.

Silver Swan Integrated Hub is built on the same truth. We create spaces where dignity is restored, connections are renewed, and communities rise together.

Through inclusive, intergenerational programs, we transform isolation into belonging and empower people of all ages to rediscover purpose and value.
